

ROMEET CHATTERJEE

Product Designer — UI/UX Designer — AI/SaaS

+91 70630-93057 — Mumbai, Maharashtra — chatterjeeromeet9@gmail.com — romeet-chatterjee.vercel.app

EXPERIENCE

Product Designer – B2B SaaS Product Workflows

Oct 2025 – Jun 2026

12 Grids – Mumbai, India

- Worked on Edge CRM, a B2B SaaS CRM covering leads, pipeline, cases, scheduling, and performance insights.
- Interviewed 20 sales reps and ran 1-on-1 usability sessions to identify workflow friction in case-management modules.
- Analyzed product drop-offs: 30% on open, 44% at case detail, 52-second average flow completion.
- Converted research insights into prioritised workflow improvements for add case, case list, and calendar modules.

Product Designer – Product Flows & Dashboards

Oct 2024 – May 2025

Maity Innovations Pvt. Ltd – Durgapur, India

- Defined end-to-end workflows for property listing, buying, builder hiring, and payment hold-and-release.
- Built customer, service provider, and admin dashboard flows to support long-form, multi-step transactions.
- Created a reusable component library and design system to improve consistency and reduce handoff ambiguity.

UI/UX Design Intern – Product Prototyping

Jun 2024 – Sept 2024

House Of Artist – Delhi, India

- Delivered 15+ app and web product prototypes across multiple industries under fast agency timelines.
- Created structured, annotated, developer-ready handoff documentation for implementation teams.
- Improved speed in requirement understanding, flow creation, and stakeholder communication across varied product domains.

SELECTED PRODUCT WORK

Tasky AI – AI Task Planning SaaS

[Live Product](#)

- Shipped an AI task planner converting freeform briefs into prioritized tasks and subtasks.
- Defined MVP scope, core user flow, onboarding, pricing structure, file-context feature, and team workspace flow.
- Designed AI task-generation logic around categories, priorities, subtasks, meeting capture, and auto-generated MOM.

Edge CRM – Add Case Flow

[Case Study](#)

- Redesigned a mobile case-management flow to reduce cognitive load and lift task completion.
- Used sales-rep interviews, usability testing, and workflow analysis to identify friction in case creation.
- Turned complex CRM requirements into a faster flow with clearer hierarchy and validation states.

SKILLS

- **Product:** PRDs, user stories, MVP scoping, product flows, prioritization, user research, usability testing, Agile basics
- **AI/SaaS:** AI workflows, prompt engineering, AI-assisted prototyping, B2B SaaS, CRM workflows, GenAI product thinking
- **Tools:** Claude, Cursor, ChatGPT, Figma, Framer, Notion

EDUCATION

Bachelor of Computer Applications (BCA), Dr. B.C. Roy Academy of Professional Courses

2021 – 2024
